

CITY OF SPRINGFIELD
INTER-OFFICE MEMORANDUM

ATTENTION OF _____ FILE _____

DATE February 3, 1982 _____

DEPARTMENT _____

On Sunday, January 31, 1982, at approximately 8:00 P.M. I received a call on the pager that the resident of 1603 E. Division could smell a gasoline odor in her basement. I spoke to Mrs. Maxine May about the odor. She said that she had had a lot of water in her basement Saturday when it rained and noticed the odor in the basement Sunday. The explosion meter reading at the floor drain was .4. We plugged the drain with a rag and filled it with water. One of the night crew flushed the sewer main out in front of her house. Randy Lyman and Steve Short checked back with Mrs. May Monday morning and she told them the odor was gone.

1603 E. Division
